LAUREN COBLE

As Office Administrator, Lauren helps keep the gears of VEE turning smoothly. Since joining the organization in late 2025, she has worked closely with the VEE team to manage the full lifecycle of grants, from initial application to final payment, ensuring that every detail is tracked and every grantee is supported.

Her 14-year background in music education and university administration instilled in her a natural love for organization and clear communication, qualities she brings to every collaboration at VEE. Born and raised in Southwest Virginia, she now lives in the Richmond area with her husband and two daughters where their motto is, “Leave it better than you found it.”
